

The E-Class Coupé

Mercedes-Benz

Made to win the day.

The new E-Class Coupé is the synthesis of luxurious comfort and dynamic sportiness.

Dynamism from any angle.

The coupé design blends powerful contours and timeless modernity in a way that is particularly apparent in the sporty AMG Line. The new E-Class Coupé radiates dynamism from every angle.

Climb in and win.

Start with the right feeling. The sporty-looking interior with the restyled steering wheel and the digital cockpit is characterised by high quality and flowing forms and represents a new interpretation of modern luxury.

S-MB 2387

Chief Dynamicist.

Powerful engines, adjustable suspensions and the optional 4MATIC all-wheel drive make the new E-Class Coupé more agile than ever before. You determine how sportily you want to drive.

The image shows the front interior of a car. The driver's seat is on the left, featuring a perforated leather-like material. The passenger seat is on the right, also with a perforated texture. The center console has a gear shifter and handbrake. The dashboard and steering wheel are visible, with a large infotainment screen on the right side of the dashboard displaying a music interface. The car's interior is finished with dark leather and carbon fiber accents, and there is a red ambient light strip along the bottom of the center console and dashboard.

The perfect setting for success.

Reach your destination in comfort: the ENERGIZING packages offer many routes to relaxation – for example through music and sound, ambient lighting or seat massages. All functions are bundled as packages and can be called up individually and to suit your mood. Every programme enhances wellbeing and reduces stress.

MBUX.

Chief Digital Officer. The new E-Class Coupé boasts the latest infotainment system in the new digital cockpit, with a host of innovative features such as voice control and augmented reality.

MBUX Augmented Reality Navigation.

To enable you to find your way in complex traffic situations, MBUX Augmented Reality Navigation connects the virtual world with the real world. The technology incorporates graphical navigation instructions and traffic information into live images. So you reach your destination quickly, safely and stress-free.

Availability is dependent on market.

New MULTIBEAM LED headlamps.

The MULTIBEAM LED headlamps automatically adapt to the surroundings and react to the traffic situation with individually controlled LEDs.

Multi-spoke light-alloy wheels.

Poised assurance on the road. The modern rim designs give the new E-Class Coupé a scaled-back, contemporary style.

Burmester® surround sound system.

Enjoy the high-performance speakers from Burmester®. Sophisticated noise compensation (VNC) dynamically adapts music and sounds to the driving situation in order to offer you the best possible musical enjoyment at all times.

Ambient lighting.

Showcase the interior according to your personal preferences or current mood. The 64 colours of the ambient lighting system create exciting colour schemes, which can alternate dynamically or illuminate several areas in different colours.

AVANTGARDE.

Individuality and sportiness as standard: the base version of your E-Class already comes with the attractive AVANTGARDE exterior. This clearly accentuates the dynamics and the elegance of your vehicle. The interplay of all elements results in an expressive vehicle. The lowered suspension underlines this impression.

Only available for Levant markets.

AMG Line.

Demonstrate that you care strongly about sportiness: with the discrete styling of the AMG Line, your focus is clearly on modern design and striking dynamics. The interplay of all elements conveys an expressive overall impression. Particularly noteworthy features include the exclusive AMG light-alloy wheels and the AMG-specific rear apron with a diffuser.

Night package.

With the Night Package your sporty exterior looks even more expressive. Numerous elements are retained in black or high-gloss black. Depending on the paint finish, this creates contrasts or flowing transitions. Whichever you choose: there are always clear benefits in terms of individuality.

ENERGIZING package.

Comfort for all the senses: this package pools selected equipment features with innovative intelligence. Your Mercedes can revitalise you in a targeted manner – for prolonged alertness at the wheel and a pleasant drive. With up to five comfort programs and extras such as the seat heating for the driver and front passenger.

Made to win the night.

Every Mercedes-AMG is a masterpiece in its own right, with an unmistakable character. What unites our performance vehicles and sports cars is their irrepressible sporting spirit. Their passion for top performance. It is generated at the point where engineering skill meets a very special attitude: the spirit of AMG. We believe that you have to keep on challenging limits in order to achieve new goals. We accept nothing as a given. Because limits are imposed by people, and it's also people who can overcome them. It's this attitude that enables us to achieve outstanding performance for the race track – and for the road.

Welcome to the world of AMG.
